

Hilton Images Becomes Hilton Imaging Solutions

Hilton Images, founded by Richard Hilton, has been supplying the award and trophy industry with high quality sublimation toner cartridges for almost ten years. After twenty-five years in the industry, Richard has retired and sold the business.

Under new ownership with Arnaud Rager as the owner and president, Hilton Images has become Hilton Imaging Solutions.

Hilton Imaging Solutions offers monochrome and full color laser sublimation cartridges for thirty-nine different Hewlett Packard Laser Printers. Starter kits including printer, toner, and heat press start at \$698 for monochrome and \$1154 for full color.

The team at Hilton Imaging Solutions is dedicated to providing the same high quality product lines and excellent customer service. The team has one objective: total customer satisfaction.
